Ready for a New Semester

New Authorized Wireless Network: CUA-SECURE
Due to security concerns, CUA Technology Services has eliminated CUALAW-WIRELESS. Login to the new authorized wifi network, CUA-SECURE, by using your CUA user name (i.e., 00name) and password. If you can't login, you may need to reset your password. To do that, go to http://tinyurl.com/cua-password.

West Academic Online Study Aids
The library has once again purchased a subscription for every student to the online Study Aids collection from West Academic. This includes access for a full year to premier publications like the Acing series, the Short and Happy Guides, Nutshells, Gilbert’s Law Summaries and many more. Over 470 guides cover dozens of legal topics. To get seamless online access from both on and off campus, create a West Academic Account at https://subscription.westacademic.com/. When signed on to your individual account, you can not only view the guides, but add notes, highlight, and create a list of favorite sources. For help getting started, ask your library staff for more detailed information.

Library Guides
Need a refresher on all that the library has to offer? Follow the Research Guides link on our homepage, or go to liguides.law.cua.edu. The Student Services guide is a great starting point. 1Ls should also check out our Survival Guide for New Students.
