PAST EXAMS - WHERE CAN I FIND THEM?

The law library provides online access to past exams given in the law school. Faculty are not required to submit their exams, so not all exams are available. Exams are searchable by professor and by course (http://columbo.law.cua.edu/search/p). To access past exams: You must enter your last name and CUA Law barcode (located on back of your CUA ID). And you must be on CUA-SECURE to access past exams.

WHERE IS MY GRADED EXAM?

A number of faculty place their most recent graded exams on file with the library. The graded exams, together with any supporting documentation, are available in the Reference Room on the main floor of the library. Only librarians can retrieve exams for students. Ask the reference librarian for assistance.
