BLACK HISTORY MONTH EXHIBIT
The Black Law Students Association and the DuFour Law Library are celebrating Black History Month by presenting an exhibit entitled Black Migrations and Social Justice. The exhibit highlights civil and social rights activists who have dedicated their life work to securing equal opportunity for members of minority groups, many of whom are immigrants or have a migrant family history. Catholic University Columbus School of Law is the home of several students who have been directly impacted by the work of civil and social rights activists such as the individuals on display, and who have benefited greatly by the opportunity to grow up and live as American citizens. This exhibit sheds some light on these individuals’ native countries, ancestral backgrounds, life stories, and experiences as members of the migrant families. The exhibit is located in the Law Library lobby.
